Guide Dog Puppy in Training Guide Dogs of America Grayson from six months to nine months old

Chapter One

Grayson turns nine months old at the end of December! Thanks for your Support Sepulveda Building Materials!

Grayson says Thank you to Sepulveda Building Materials!!

Hi Everyone!

Well as you can see I am growing pretty fast! These pictures will cover how I have been doing since my last newsletter.

I have been very busy, working, having fun, and learning.

Here I am during Halloween and going to the pumpkin patch

We went to the pumpkin patch and I got to meet some very nice people. I walked around the whole pumpkin patch and learned how to leave the horses and chickens alone. I also learned how to sit properly so people can come up and meet me and not be afraid. We had a good time and I really thought the horses were cool, but I don't think they liked me very much!

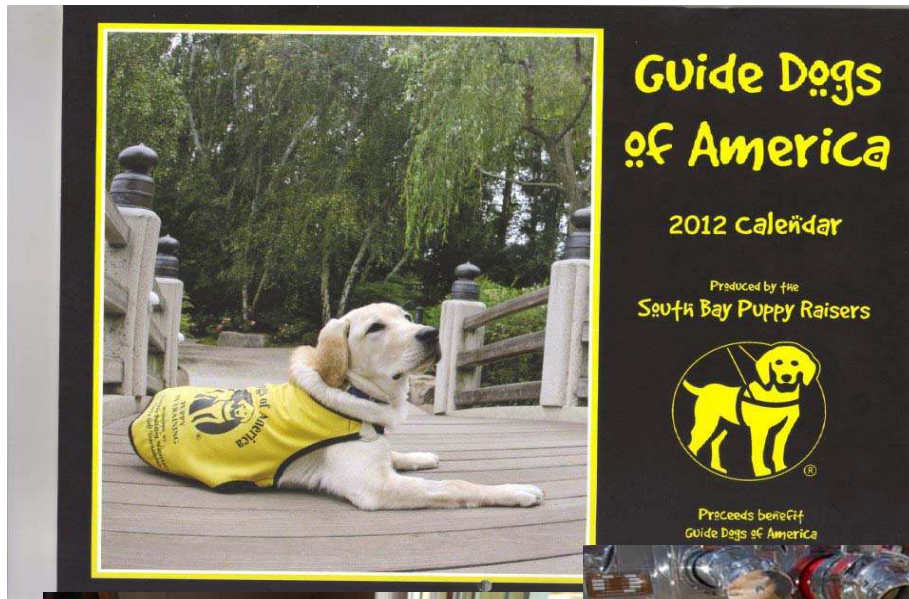

It's Holiday Time and time for fun!

Here I am with my sisters Brea, Bristi and Murphy. Brea is a retired breeder for GDA and Bristi and Murphy were career changed. Murphy has been very happy just being at home since she was career changed and she is my best buddy. We play and play and play and play and play and play....well you understand! Murphy says Hi to Everyone at Sepulveda Building Materials!

Cover Boy!!

Here I am, a Cover Boy! I couldn't believe it. There are still a few calendars left, so if you need more, just give Nancy Matthews a call and she will hook you up with more!

Time to Have fun!

I am known to carry up to 4 toys at a time in my mouth!

I visited a LA county Sheriffs office and Fire Department!

Here I am with my puppy raisers at my graduation from The Happy K9 Obedience class.

In this picture I just had turned 9 months old and graduated from my K9 Obedience class outside of GDA. A few weeks later I went in for my 9 month evaluation at GDA! All news is good and my puppy raisers were happy to hear that I did well in my evaluation.

I did so well, that I don't have to go back for a 12 month evaluation. Everyone is very happy and I am working very hard at being a graduate.

Thank you again for your support!! With Lots of Puppy Kisses,
Grayson
